ABOUT

Full Stack Developer and CTO at Ximverse, an AI-powered startup incubated at BITS Pilani. I've built real-world products from scratch, including projects used by 600+ students at my college. I enjoy turning ideas into practical products and solving real-world problems through technology.

EXPERIENCE

CTO & Co-Founder · Ximverse

Feb 2026 – Jul 2026

Bangalore · full time

Leading the technology and product development at Ximverse, an AI-powered export compliance startup. Built the platform from the ground up and worked on AI-assisted document processing and automation for Indian export compliance. Ximverse is incubated at PIEDS, BITS Pilani and received a ₹17 lakh government grant to build and scale the product.

Event Coordinator & Technical Lead · PW Institute of Innovation

Nov 2025 – Feb 2026

Bengaluru, India · full time

Coordinated RIFT '26, a pan-India hackathon conducted across 4 cities, managing the event operations and participant coordination. Built a dedicated hackathon dashboard to handle email verification, problem statements, submissions, team management, and certificates. Took ownership of the technical platform used to manage the hackathon workflow end-to-end.
