

# Mansoor Fathak

Front End Engineer

React.js Front End Development · Available

Karnataka, India · [github.com/Mansoorfathak](https://github.com/Mansoorfathak) · [linkedin.com/in/mansoor24](https://linkedin.com/in/mansoor24)

## SKILLS

---

HTML5, CSS3, JavaScript, React.js, React Router, Redux, Context API, Zustand, Tailwind CSS, Git, REST APIs, Vite

## ABOUT

---

Front End Developer with 2 years of experience building responsive, high-performance React.js applications for production environments. Skilled in component-based architecture, REST API integration, and cross-browser design fidelity. Brings a unique blend of technical development and client-facing consulting experience, with hands-on use of AI-assisted development tools (Claude Code, GitHub Copilot) to improve delivery speed and code quality.

## EXPERIENCE

---

### Front End Developer · Ahad Media

Aug 2024 – Jun 2026

Dubai, United Arab Emirates

- Developed and maintained production-grade React.js applications by building reusable components and integrating REST APIs to deliver scalable, high-performance web solutions.
- Built responsive web applications using React.js, JavaScript, HTML5, CSS3, Tailwind CSS, and Vite, ensuring cross-browser compatibility across desktop, tablet, and mobile devices.
- Collaborated with designers, developers, and business stakeholders to gather requirements, troubleshoot issues, and deliver high-quality frontend solutions.
- Investigated and resolved production issues, UI defects, and API integration problems, improving application stability and user experience.
- Leveraged AI-assisted development tools such as Claude Code and GitHub Copilot to accelerate development and improve code quality.

### Web Solutions Consultant · Presto Business Services

Aug 2023 – Aug 2024

Dubai, United Arab Emirates

- Consulted businesses on website development, branding, and digital solutions, identifying client requirements and recommending tailored solutions to support business growth.
- Collaborated with cross-functional teams and stakeholders to translate complex client requirements into successful website projects.
- Managed the complete sales lifecycle, including lead generation, client consultations, proposal preparation, negotiation, and post-sales relationship management.
- Consistently achieved sales targets by building strong client relationships and delivering value-driven web and digital solutions.

## EDUCATION

---

### Visvesvaraya Technological University · B.E., Electronics and Communication Engineering

Jun 2019 – Present

## PROJECTS

---

### LuxeCart – E-Commerce Platform

React.js · Tailwind CSS · React Router · Vite · Zustand

- Built a feature-rich e-commerce platform supporting product catalog, category filtering, product search, shopping cart, wishlist, and persistent state management using Zustand.
- Designed reusable UI components and optimized rendering performance to provide a fast and responsive shopping experience.
- Integrated REST APIs to fetch and manage dynamic product data while ensuring smooth frontend-backend communication.
- Delivered a scalable, mobile-first user interface using React.js, Tailwind CSS, React Router, and Vite.

### AI Resume Analyzer

React.js · JavaScript · Tailwind CSS · Zustand · Vite · Puter.js · AI Integration · Git · GitHub

Developed an AI-powered resume analysis application that compares resumes with job descriptions, generating ATS scores, skill-gap analysis, and personalized recommendations by integrating LLM APIs via Puter.js.

- Built a responsive, production-ready web application with reusable React components, secure resume upload, client-side authentication, API integration, and modern frontend architecture.
